Subject: Achievement of Certified Standards of Herbal Medical Product Manufacturer of Salus Bioceutical (Thailand) Co., Ltd.

Dear Valued Customers,

Salus Bioceutical (Thailand) Co., Ltd. has been operating the business of hemp and cannabis manufacturing and certified as the herbal medicine products and hemp - cannabis extract manufacturer for commercial and industrial purposes since November 2022. We focus on completing the quality system and raising the manufacturing standard of herbal medicine product according to the regulations by bringing high and certified technology of extraction, machinery, and equipment to our herbal medicine product manufacturing facilities and, above all, in compliance with Pharmaceutical Inspection Co-operation Scheme (PIC/S) as international standard.

By this letter, we proudly announce that our company has already achieved **certified Good Manufacturing Practice - Pharmaceutical Inspection Co-Operation Scheme (GMP - PIC/S)** by Thai Food and Drug Administration for manufacturing the ingredients used in herbal medicine products manufacturing comprise herbal extract by water or ethanol extraction and hemp extract (Cannabidiol Isolate/ Cannabidiol Distillate) THC less than 0.2% by weight.

In addition, we also achieve **the Thai Industrial Standard TIS 3173 – 2564** which is the standard of hemp extract containing total cannabidiol not less than 80% by mass. We have become the first company of Thailand that have been certified by Thai Industrial Standards Institute (TISI).

Through these standards achievement as mentioned above, it is assured that our products are of high-quality and can be applied to varieties of product including scientifically established herbal medicines, herbal products, food supplement products and health care products including cosmeceuticals to ensure all entrepreneurs and consumers that we always deliver efficient and safe products.

As of March 22, 2023

Best regards,

(Mr. Tanadee Pantumkomon)

Chief Executive Officer and Director
